

GENERAL PROCUREMENT NOTICE

Programme name: The EU Programme “Repair and reconstruction of damaged critical infrastructure II”

Country: Ukraine

Sector: District Heating, Water & Wastewater

Funding sources: Nordic Environment Finance Corporation (Nefco) as fund manager for grant funds provided by the European Union (EU)

Procurement: Works, goods and services

Notice type: General Procurement Notice

Issue date: 1 May 2024

Estimated closing date: 30 September 2025

European Union has provided grant funds to rehabilitate war damaged district heating and water and wastewater infrastructure in the following communities in Ukraine: **Chernihiv, Nizhyn, Okhtyrka, Trostianets and Pervomaisk**. Together with respective utilities the communities are planning to announce competitive tendering for the works, goods and services defined and financed under the **EU Programme “Repair and reconstruction of damaged critical infrastructure II”¹**.

The project aims to address the repair needs of critical district heating and water supply systems, pumping stations, and wastewater treatment plants. It is expected that approximately EUR 22.5 million will be spent to finance several contracts of various size, most in the range between EUR 2.5 and 4.5 million, commencing in the fourth quarter of 2024. Works are expected to be completed by September 2025.

Specific invitations for tenders for contracts will be announced as they become available.

We encourage contractors to promptly express their interest in the procurement opportunity by **31 May 2024**, sending an e-mail to the PIU Consultant via NCIU2@egis-ukraine.com, including the following details:

- 1) Legal name of your company;
- 2) EDRPOU code, if applicable;
- 3) Name of the city or cities you are interested in working in.

Upon receipt of your email, we will provide you with a brief questionnaire tailored to gather further information about your company.

¹ An extension and expansion of the already existing EU Action "Repair and reconstruction of damaged critical infrastructure", a support Programme of the European Union (the "EU") that is aimed to provide grant financing for recovery of critical infrastructure in communities that were destroyed or damaged during the temporary Russian occupation during spring 2022 but now are liberated and under control of Ukraine.
