

GENERAL PROCUREMENT NOTICE

Project Name: Upgrade of district heating system in Vinnytsia

Country: Ukraine

Sector: District heating

Funding sources: Nordic Environment Finance Corporation (Nefco) as fund manager for grant funds provided by Eastern Europe Energy Efficiency and Environment Partnership (E5P)* and Sweden-Ukraine District Heating (SUDH) Fund; Municipality of Vinnytsia

Procurement: Works, Goods and Services

Notice type: General Procurement Notice

Issue date: 15 May 2024

Closing date: 14 May 2025

The Public Utility of Vinnytsia City Council Vinnytsiamiskteploenergo (Vinnytsiamiskteploenergo) intends to use the proceeds of grants from E5P (up to EUR 3,000,000) and SUDH (up to EUR 3,000,000), both administered by the Nordic Environment Finance Corporation (Nefco), as well as proceeds of financing from Vinnytsia city council (up to EUR 1,500,000), towards the cost of the Project.

The Project is being implemented based on the Grant Agreement between Vinnytsiamiskteploenergo and Nefco dated 15 April 2024.

Project Description:

- interconnection of the currently separately operated district heating networks supplied from boiler houses located at Kniaziv Koriatovychiv Str., Pyrohova Str. and M Koshky Str. into one district heating network and replacement of existing district heating pipelines in worst condition;
- installation of Individual Heating Substations (IHS) to enable demand driven operation of the interconnected district heating network.

Vinnytsiamiskteploenergo therefore announces competitive tendering for the works, goods and services defined by the above-named project and listed below.

Tendering for the contracts is planned to continue until November 2024.

Contractors will be selected for implementation of contracts in the following areas:

- supply and reconstruction of district heating pipelines including main pipelines and distribution pipelines;
- supply and installation of individual heating substations with automated control;
- supply and installation of new network pumps.

Contracts will be subject to NEFCO Procurement Policy and Procedures and are open for participation for firms from any country, unless otherwise specified in the procurement documents.

*The Eastern Europe Energy Efficiency and Environment Partnership (E5P) Fund is a €352 million multi-donor fund managed by the EBRD and designed to promote energy efficiency investments in Ukraine and other Eastern European countries. The fund was established under an initiative of the Swedish government during its presidency of the European Union (EU) in 2009. E5P complements energy efficiency loans provided by financial institutions including the European Bank for Reconstruction and Development, the European Investment Bank, KfW, NEFCO and the World Bank Group. Contributors to E5P are the EU and the US, as well as Denmark, Estonia, Finland, Germany, Iceland, Ireland, Latvia, Lithuania, Norway, Poland, Slovak Republic, Sweden, Switzerland and Ukraine.
